## Activity Quickens To Set Up Facility For Aircraft Here

### Airlines Asked to Present Specific Proposals On Friday

In a series of meetings here Monday and Tuesday, the community airport planning committee studied and discussed the possibilities of providing a temporary aircraft landing strip near the Brockway cutoff prior to the formation of an official airport district, when a more extensive and permanent facility will be established.

Tahoe Sierra Airlines and Holiday Airlines have been asked by the committee to submit specific proposals with respect to development of the strip, tentatively projected on property owned by J. E. Joerger south of Truckee. These proposal will contain conditions under which the companies would lease accommodations from the committee.

Due to the urgent desire of the two airline firms to inaugurate service here, their representatives have been asked to present proposals to a meeting of the committee Friday. According to chairman C. Edmunds, the meeting will begin at noon tomorrow in the St. Louis Cafe here.

It is hoped that the Truckee Public Utility District will be able to assume responsibility for leasing the property on a temporary basis, until an airport district can be formed. A hearing has already been held by the Nevada County board of supervisors on a petition to form the district, with affirmative results.

Since the district boundaries would coincide with those of the Tahoe-Truckee Unified School District, it is necessary for the Placer County supervisors to take parallel action. That board will hold a public hearing at the Community Center building in Tahoe City at 10 a.m. Friday, August 9. It has been estimated that it will take at least to the first of the year to officially form the Tahoe-Truckee Airport District, in order to comply with all the legal requirements.

Meanwhile, a volunteer committee representative of the entire area has been active in attempting to facilitate the establishment of aircraft service facilities for the region.

Joerger has indicated a willingness to enter into a lease agreement for development of the airstrip if the necessary legal details can be worked out.

Tahoe Helicopters, Inc., serving the Lake Tahoe-Reno area, have shown an active interest in the progress of the local airport project. The committee has also been in communication with the California Olympics Organizing Committee on the possibility of providing air transport facilities here during the 1960 Winter Olympics at Squaw Valley.

## VOLUNTEERS WILL ORGANIZE MONDAY AT DONNER LAKE

There will be an organizing meeting of the Donner Lake Volunteer Fire Department on Monday evening at 8 o'clock at the dance pavilion near the west end of Donner Lake. All property owners are invited to attend. Election of officers and directors will be held and there will be adoption of a formal organization.

K. G. Hathaway, Civil Defense official from Grass Valley, will be on hand to assist the group. The formation of the department will culminate the work of a committee consisting of J. J. Warnke, Dr. Robert W. Affeldt, Emery Lander, Cecil Allison, Francis Snyder, Tom Bonano and Dan Hormanski, which was charged with the responsibility of exploring methods to provide better fire protection at the lake.

## Pastor Clark Prepares For Bible School Here

Pastor Aubrey H. Clark of the Truckee Community Methodist Church spent Monday in San Francisco visiting the Methodist Publishing House to arrange for material to use in the forthcoming Daily Vacation Bible School here.

He stated that details will be announced shortly, both through this newspaper and by mail.

## *Donner Dancers Meet, Party Friday Evening*

The Donner Dancers meet tomorrow night in the Veterans Building for their weekly party of square and round dances. There will be a beginners' class at 7 p.m. preceeding the regular session, according to President Darol McGihon.

There is no charge for either the instruction or the party. Visitors are very welcome.

**Robichauds Parents—**

Former local residents, Mr. and Mrs. Francis Robichaud, now of Sacramento, are the proud parents of another baby girl, born July 22, it was learned here this week.

## Bishop Porter's Closing Sermon At Lake Sunday

### Prelate Will Retire Soon Following 25 Years At Chapel

Sunday, July 28, marks the end of nearly a quarter century of service by one of Tahoe's most distinquished residents. The Right Reverend Noel Porter, Episcopal bishop of the diocese of Sacramento, will preach his farewell sermon at the Outdoor Chapel at 11 o'clock near Tahoe City. Friends are invited to attend services and the reception which will follow. The collection for the service will go to aid the bishop's retirement fund.

In 1933 the bishop came to Lake Tahoe. The Outdoor Chapel was poorly attended. A different priest served each Sunday. Under the bishop's inspiring leadership thousands of all faiths and denominations came to worship beneath the pines.

Under his guidance a few years ago a camp for young people was started on the ground and last summer 800 young people came here for guidance and recreation.

Twenty-five years ago "Lake Tahoe was officially "Lake Bigler" and the bishop was active in the campaign to have the name officially changed to the more popularly accepted version.

Bishop Porter was born in India of English parents. While attending USC his history professor, Dr. Tully Knowles, now president emeritus of the College of the Pacific, said of his star history student that a man of so much dignity and kindness could only end up as a great bishop. His prediction came true 25 years later.

Through the bishop's demonstration of Christian principles, people of many faiths asked for baptism or confirmation. In keeping with the non-sectarian dedication of the chapel, the bishop has on occasion performed baptism by immersion in the nearby waters of Lake Tahoe for those of denominations other than his own.

Bishop Porter will retire to a new home in the Mother Lode community of Sutter Creek.

The new bishop, Rt. Rev. Clarence Haden, Jr., comes from Kansas City where he was dean of the cathedral. Bishop Porter will introduce him and relinquish the management of his favorite parish to a man, whose reputation and character promises inspiring leadership.

Friends who come to say "Hail and Farewell" will voice silently the words of the Master "Well done—thou good and faithful servant."

## *Rotary Will Welcome Speaker from Islands*

The Truckee Rotary Club will hold no regular meeting next week. Instead, members of the local group will meet wth the Loyalton Rotary at the picnic grounds in the Sierra County city this evening.

On the evening of August 5, the Truckee club will host Loyalton, Tahoe City and Brockway Rotarians for a special program at Donner Lake Lodge. At that time, the speaker will be Juan Ulep of the Philippines, who is on a speaking tour of the western United States under the joint sponsorship of the Truckee and Antioch Rotary Clubs. His appearance here is a project of the International Service Committee of the local club.

While in Truckee, Ulep will be a guest at the home of R. R. Frank.

At their meeting this week, Truckee Rotarians heard talks by Melvin Pinkham of Eureka and Lou Chamberlain of Auburn. Beside Pinkham and Chamberlain, visiting Rotarians included Don Snyder of Tahoe City and Ray Marsten of Pleasant Hill. Jim Shastick was a guest.

## Dads, Lads Camp Out At Juniper Flat Sat'rd'y

Among a group of youngsters enjoying an overnight camping trip Saturday evening to Juniper Flat were John and Gary Sturcke, Courtney Lewis, Bill and Barry Waters, Dennis Stevens, Randy Russell, Greg York, Steve Davis, Eddie King, John Goldsmith and Gary Waters. Fathers who accompanied the boys were Jerry Lewis, William Waters, Lauren Russell, Jack Goldsmith, William Davies and M. C. King.

## Sees Court Action Shortly to Settle Olympic Dispute

According to reports from Sacramento, Deputy Attorney General Ray Williamson states that plans are being made by the state, on behalf of the California Olympic Commission, to go to court within two weeks in an effort to secure land required for staging of the 1960 Winter Olympics at Squaw Valley.

Indications are that negotiations for settlement of differences between the commission and Wayne Poulsen, owner of the land in question, are still progressing but possible agreement appears remote at this time.

Williamson said that the condemnation suit will be filed in the Placer County Superior Court at Auburn under eminent domain powers granted by the legislature to the commission. He said immediate possession is being sought so that game facilities can be constructed in the limited time remaining. The international winter sports competition is scheduled for February, 1960.

Mr. and Mrs. Poulsen, owners of the property sought, have thus far refused to sell the land and previous efforts to reach agreement have failed.

Plans for the court action were announced after Burli H. Howell, Sebastopol appraiser, spent two days appraising the 10 acres belonging to the Poulsens which the commission is attempting to purchase.

The land in question has been assessed on the tax rolls at $3 an acre recently but this year the appraisal went up to $25 an acre.

## Tahoe Area Leads In Building Permits

Building permits in the unincorporated area of Placer County hit a new record for the fiscal year ending June 30, and the supervisorial districts embracing Kings Beach and Tahoe City ranked one-two in value of permits issued.

Distriit 4, including Kings Beach and the northeast shore of Lake Tahoe accounted for $2.470,-246 out of a total for the county of $7,128,671. In second place was District 5, which includes Tahoe City and the northwest shore of the lake. That area tallied $1,883,-245 for the year.

The survey did not include any Squaw Valley Olympic Games permits which will be reflected in the current fiscal year, Gus Reeves, county building inspector, reports.

District 1, in the Roseville and Lincoln area, had $1,103.834; District 3. the Auburn district, showed $928,098 and District 4 totaled $743,284.

Reflecting the season at Lake Tahoe, the two top months for the year were July, 1956 ,and June, 1957.

## Truckee Jail Traffic Heavy on Weekend

Local officers of the Nevada County sheriff's office report a busy weekend at the Truckee jail. Several prisoners were booked in transit to courts at Tahoe City and Auburn on a variety of misdemeanor charges.

In addition, Billie McBeth Alverson of San Jose was arrested near the Truckee Southern Pacific depot Saturday and charged with violation of the county ordinance against drunkness in public places, and Charles A. Degnon of Ophir, Alaska, was similarly charged. Each was sentenced to 10 days in jail after appearing in the court of Judge F. W. Wilson here.

## Incorporation Filed For Donner Firemen

SACRAMENTO (CNS) — Secretary of State Frank M. Jordan announced today the Donner Lake Volunteer Fire Department has filed articles with his office to form a non-profit corporation.

The department listed its corporation directors, all of Truckee, as James Jay Warnke, Box 2249: Daniel J. Horman, Box 386 and C. F. Allison, Box 37.

**Happy Birthday—**

Stephanie Firpo celebrated her 14th birthdate July 20 at a family party, given by her parents Mr. and Mrs. I. Firpo.

**From Capital—**

Mr. and Mrs. Frank Welsh, and family, of Sacramento were visitors in Truckee and Kings Beach on Monday.

## SUNBEAMS

By WALTER M. BARRETT

Nearly two years have passed since the 1960 Winter Olympic games were awarded to California and Squaw Valley and during that time we have consistently urged that action be taken to zone the affected areas against undesirable structures and prevent a looting of our natural resources. Many organizations and individuals have agreed and few tentative steps have been taken, but to date, we know of no definite action. We do hear of increasing prices on property, as owners anticipate the forthcoming influx of residents, but what they are doing to protect these values remains a unknown quantity. It is safe to predict that these inflated values will not maintain themselves unless some sensible action is taken to justify them.

* * *

At this season of the year, there are hundreds of solicitors for all types of services and merchandise who are attempting to pay for their vacations by selling local people a bill of goods." Many of these people are entirely legitimate and no doubt honest. Others are just run of the mill chiselers. It is difficult to distinguish between the two, so we offer this very good and time-proven method of purchase—buy from your local merchant or at least secure his advice before investing in an unknown. It will save you money and embarrassment and you will be helping your community grow.

## *HEARING DATE SET ON ANNEXATION TO SUMMIT UTILITY*

A public hearing will be held at 8 p.m. August 10 on a petition to enlarge the Donner Summit Public Utility District. The meeting will be held at Crest Lodge and the property involved is in the vicinity of Upper Castle Creek and Lake Van Norden.

Two notices—one of the hearing and another of a district ordinance declaring intention of approving the annexation—appear on another page of this week's Sierra Sun. In each of these notices is a detailed description of the property which it is proposed to add to the Donner Summit Public Utility District.

## HIGHER SALARIES PUSH COUNTY TAX RATE UP FOR YEAR

Supervisor H. G. Loehr of Truckee said on Tuesday that the basic Nevada County tax rate for the 1957-58 fiscal year will be $2.13 per $100 of assessed valuation. This tax, which applies to conduct of the county government, is eight cents higher than the previous rate. Loehr said that six of the eight cents rise is accounted for by salary increases to county officers and employees.

The local member of the board reports that the $175,000 general reserve will be maintained and there will be an unappropriated reserve of $50,000.

## Firemen Answer Call To Fire Near Hospital

The Truckee Volunteer Fire Department and the fire crew from the Forest Service station here responded to an alarm yesterday at noon. Chief N. F. Dolley reports that a small brush fire 150 yards east of Tahoe Forest Hospital was quickly extinguished.

## Pink, Blue Shower At Gateway Home

Mrs. Frank Franceschini was guest of honor at a pink and blue shower in the Gateway home of Mrs. Carl Painter on July 17. Sharing with the hostess duties were Mrs. Harry Digesti, Mrs. Norma Highfill and Mrs. Pete Lazzari. There were 24 ladies in attendance and the honoree received many lovely gifts from her friends.

**At Fort Bragg—**

Mr. and Mrs. Dick Reese and girls of Truckee, spent the Fourth of July weekend at Fort Bragg fishing for salmon.

## Freedom Flyer Finishes First In Gold Cup Races

by NAOMI McLANE

TAHOE CITY—Invading boats from Washington state went home wth the top three honors at the 5th Annual Mile High Gold Cup races held here Saturday and Sunday, leaving last year's winner, Shanty I, owned by William Waggoner of Phoenix, Ariz., and nine other determined contenders behind.

The grueling requirements of this 90-mile, three-heat classic, left Miss Wahoo first with 2000 points, Miss Thriftway second with 900 points and Miss Bardahl third with 750.

Wahoo, driven by Mira "Mike" Slovac, 34-year-old refugee Czech airman who flew his Russian plane to freedom and political asylum in the west, rounded out the 30 laps around a three-mile course with the average speed of 95.974 miles per hour. His fastest heat was the second in which he turned in 98.093.

Miss Thriftway, in second place, wheeled through the 90 miles in 58.40 minutes or an average speed of 92.025 mph with Bill Muncey of Seattle at the wheel. Miss Thriftway was penalized one extra lap in the final heat for jumping the starter gun.

Miss Bardahl caught a hard-won third place mainly by staying in the race with a relatively slow average time of 88.801 miles per hour. Bardahl made no fast laps, operated roughly throughout the race, and was left behind by several faster competitors, but came through with 750 coveted points to finish third.

Local partisans of the Hawaii Kai and of Jay Phillip Murphy's Breathless I and II were disappoint-

(Continued on Page 10)

## Smoking Tourists Start Two Blazes

Careless motorists tossing lighted cigarette butts from their cars threatened the countryside on Sunday afternoon and brought U. S. Forest Service fire-fighters out on two separate occasions.

Dispatcher Henry Toccalini reports the first fire occurred four miles south of Tahoe City, just off Highway 89 at the entrance to Blackwood Canyon Road. This came about 3 p.m. Three hours later another fire started on the Brockway cutoff road at the Placer-Nevada County line. Both were caught in time to prevent serious damage by the alert forest firemen.

Toccalini points out that, aside from the fire danger, tossing lighted materials from moving vehicles is a serious violation of California law.

## *Three Youngsters Born At Hospital in Week*

Tahoe Forest Hospital was the birthplace of three babies during the past week.

Mark McKinley Holloway, seven pounds, nine ounces, arrived at 12:04 p.m. July 17 to Mr. and Mrs. Wendell H. Holloway of Truckee.

At 3 a.m. July 19, little Sharon Louise Stevens, three pounds, 15½ ounces was born to Mr. and Mrs. James Stevens, also of Truckee.

Anthony Louis Smisek, five pounds 4½ ounces, made his appearance at 7:01 p.m. Tuesday, July 23. He is the son of Mr. and Mrs. Leo Smisek of Truckee.

## Sacramentans Injured As Car Leaves Highway

Lloyd Francis Perault, 37, and Wanda Stone, 19, both of Sacramento were injured when a car driven by Richard Lee Marino, also of Sacramento, went off the road at the foot of Donner Grade and overturned.

The injuries were not believed to be serious but the injured were taken to Tahoe Forest Hospital for treatment. Marino was cited for speeding by the highway patrol.

**Leave Ends—**

Pvt. Joseph Miller, USMRC, left Monday after spending two weeks of his furlough with his grandparents, Mr. and Mrs. Joe Mattos, here. He is now visiting his mother, Mrs. Ed Ulsheimer, in San Francisco before returning to Camp Pendleton.

**Medical Checkup—**

Joe Mattos is in San Francisco, visiting his daughter, Mrs. Ed Ulsheimer and undergoing a series of medical examinations.

## Free Yule Tree Ban Is Told By Forest Service

### Too Few Foresters Cited As One of Reasons For Action

The privilege of cutting your own Christmas tree, free of cost, has finally gone the way of other frontier customs. Supervisor Gus Rickel of the Tahoe National Forest made this announcement with regret, following a recent conference with his rangers.

It's the old law of supply and demand, Rickel explained; the demand caused by increasing population has made the Christmas tree a forest product of real commercial value and one of some scarcity.

The advent of super highways and fast automobiles has made the demand for trees from the Tahoe National Forest increase nearly ten-fold in the past three years. The unrestricted cutting of young trees from forest lands tends to make serious inroads into the forest's growing stock for the production of commercial timber, unless closely supervised.

"There just aren't enough foresters available to administer public cutting by large numbers of people and select the trees that should be cut and protect those that should be left," stated Rickel. "Besides the forest service is prohibited from giving away forest products which have value, except under certain conditions."

So, when you want a Christmas tree, it's a case of see your dealer or your Boy Scout Troop. Many troops nowadays enter the Christmas tree business in order to fatten their treasury for their worthwhile activities.

## *URGE ADOPTION OF NEW BUILDING CODE IN NEVADA COUNTY*

Cecil Edmunds of Truckee was in the county seat last week where he presided at a business meeting of the Nevada County Planning Commission. The commission took under study a proposal the Nevada County adopt a building code patterned after that in effect in Placer County.

At the same meeting tentative approval was given to a rough draft of an ordinance designed to control the operations of traveling junk collectors and secondhand dealers. The proposed ordinance was drawn by A. T. Parsons, county planning consultant, and Sheriff Wayne Brown.

A use permit requested for the construction of a motel on Donner Lake was tentatively given by the commissioners, subject to final approval by the State Division of Housing.

## Wyethia Women Will Fete Charter Members

Charter members of the Women's Wyethia Club will be signally honored at the annual silver tea, combined with the 30th anniversary observance of the club's founding at the club house Friday, July 26, at 1 p.m.

All members and guests are urged to attend. A buffet luncheon will be served. Mrs. Ray McCarty will preside.

Charter members include Mesdames Jennie Watkins, Ametta Firpo, Essie Polyanich, Elizabeth Wilkie Belle White, Eleanor Holland, Veda Laity, Flora Titus, Kate Ghirard and Annie Tonini.

## Tahoe Family Visits Relative at Los Altos

Mrs. George G. Boyle writes from Los Altos that her daughter-in-law, Mrs. George D. Boyle, and four children have been visiting her from Tahoe City. The lake man will join his family this weekend.

The younger Mrs. Boyle's father. A. P. Whitehead, recently has been ill and is a patient at Fort Miley Veterans' Hospital in the bay area.

**Family Visits—**

Mr. and Mrs. Jay Rablin and son Mark were recent guests of the former's parents, Mr. and Mrs. John Rablin.

**Campers—**

Camping and visiting the Dick Reese family of Truckee, are Mr. and Mrs. Dan Spanks, Downey; Mr. and Mrs. Ryal Strang, Bellflower; Mr. and Mrs. Bill Moore and son, Fort Bragg; and Mr. and Mrs. Bill Smith and sons of Knightsen.

## Expanding Needs May Force Raise In School Tax Rate

### Superintendent Points Out Lowering Unit Cost Per Pupil

The Tahoe - Truckee Unified School District faces a possible 10 cents per $100 tax increase to accommodate the district contribution to employees' retirement funds, a study of the 1957-58 proposed budget reveals.

In the past this expense has been absorbed in the regular tax rate but rising costs plus the fact that, for the first time in several years, there is no substantial increase in the assessed valuation of the district, the rate increase is regarded as necessary.

According to the tentative budget, total cost of instruction in the district will go from $256,225.12 for the last school year to $315,400 for 1957-58. While nearly every category of expense is expected to rise, another significant increase is to be found in capital outlay which is up from $34,662.44 last year to $95,000 for 1957-58.

An itemized reproduction of the budget will be found on another page of today's Sierra Sun. A public hearing is scheduled by the trustees of the district before the budget is formally adopted. The hearing will be at the Tahoe-Truckee High School at 8 p.m. on Tuesday, August 6.

In commenting on the budget, Superintendent John Corbin said at the last meeting of the school board:

"I'm pretty proud of something In 1955-56 your costs per unit per child was $552.95. In 1956-57 your costs were $3.12 less, or $549.83. You had an ADA in 1955-56 of 692; our ADA at the end of this school year was 811, or a gain of 119 students. It costs more in this area than in many other areas, but at the same time there are not many frills being offered, and your biggest cost is for teachers, maintenance, operation and bus transportation."

As one example of increasing pressures, Corbin pointed out that four teachers were hired after the school year started last fall and another four have been hired for next semester.

The governing board of the district also conducted lengthy hearings into the advisability of prefabricated metal classrooms to provide added space needed in the district schools.

Attending the session were Dave Parker and Bud Devoe of Classrooms, Inc., and Gordon Stafford, Sacramento architect. Details of cost and construction time occupied a major portion of the evening.

R. E. Smart, chairman of the board, emphasized that any outcome of studies into the prefab rooms would not effect present projects for four more room at the Kings Beach School. However, there was some talk about using them for expansion at Tahoe Lake, Truckee Elementary and the high school.

Details of the proposal are to be worked out with Stafford and presented to the board at an early session.

## *FOX IS SEATED AS PRESIDENT OF SPORTSMEN HERE*

Frank Fox, local highway superintendent, was officially seated as president of the Truckee Outdoor Sportsmen at a dinner meeting in Capitol Hall last Friday evening.

The assembled members and guests viewed a wildlife movie provided by the U. S. Forest Service. The business portion of the meeting included discussion of the new antlerless deer hunting law and the Truckee River fishing law, recently signed by Gov. Goodwin J. Knight. The local club sponsored the latter bill, which will remove the "fly casting only" restriction from a portion of the Truckee River.

## Bible School Prexy Speaks Next Sunday

Dr. Willard M. Aldrich, president of the Multnomah School of the Bible, will speak at the Truckee Bible Church Sunday morning at the 11 o'clock service. Other notable guests will be C. C. Weyrheuser, president of the Student Missionary Council and Henry W. Boyd, field director of S.M.C.

Pastor Roy Rhoades invites everyone to attend this service for a time of real blessing. The temporary church home is the Donner Trails Lumber Company Building.

Mrs. Rhoades is teaching a Bible class for women each Tuesday from 3 to 4 p.m. at the home of Nancy Mitchell, just to the right of the Veterans' Memorial Building in Truckee. This week a study was begun in the Open Bible Study Series in Practical Christian Living course.

**Has Birthday—**

Mrs. Vina Clepper observed her birthdate on Saturday, July 20.

### CERTIFICATE OF BUSINESS
**Fictitious Firm Name**

The undersigned does hereby certify that he is conducting a General Insurance business on the second floor of the MASONIC BUILDING, North side of Commercial Row, Truckee, County of Nevada, California, under the fictitious firm name of R. N. LITTLE INSURANCE AGENCY, and that the said firm is composed of the following person, whose name and address is as follows, to wit:

Carrol Zane Smith
Post Office Box 245
Truckee, California

Witness my hand this 19th day of July 1957.

State of California
County of Nevada ss

On this 19th day of July 1957, before me, James R. Morhain, a Notary Public in and for the said County and State residing therein, duly commissioned and sworn, personally appeared Carrol Zane Smith, known to me to be the person whose name is subscribed to the within instrument and acknowledged that he executed the same. In witness thereof I have hereunto set my hand and affixed my official seal the day and year in this certificate first above written.

JAMES R. MORHAIN (Seal)
Notary Public in and for the County of Nevada, State of California. My Commission expires Oct. 11, 1960. j25a1-8-15

# Rabies Danger Seen In Strays, Clinic Here Soon

"Man's best friend is the dog." All have heard this quote and most of us have experienced the wonderful relationship of dog and master. In recent years, however, this statement is becoming less true due to the generally increasing incidence of rabies. In many locations, the incidence has become alarming. Several areas within California have been declared "rabies endemic areas," including Nevada County. Even with a strict control program wherein simultaneous vaccination of all pets is practiced, rabies is difficult to eliminate because of the existence of a reservoir in wildlife.

In Louisville, Kentucky, the rate of 5.34 rabid dogs per 10,000 dog population in 1952 jumped to 16.5 in 1954. During the same period, the rate in Chicago jumped from 0.03 in 1952 to 2.6 in 1954, according to a reprint from Proceedings of the U. S. Livestock Sanitary Association, 1955.

Since most large cities have an active rabies control program, how can we account for this marked increase in incidence rates?

First there is the reservoir maintained in nature by rabid wildlife, such as foxes, wolves, coyotes, skunks certain bats and many other animals. Second, in the larger cities with rabies reasonably under control, a repeated infection of local animals in introduced by "tourist dogs." This class is held responsible for recent outbreaks in Chicago and Denver.

This may well be the source of rabies in Nevada County where vacationers allow their dogs to run while enjoying our beautiful out of doors.

Third, one of the most serious and difficult sources of rabies control is that which exists in strays and wild dog packs. These forage in all situations conducive to rabies contact and dissemination.

Fourth, lack of adequate enforcement of rabies control program.

Contrary to a frequently expressed opinion, rabies is not a private matter of the individual. In endemic areas, rabies has become a matter of serious consequence to the community. As such, it is a community problem to be concerted effort.

The Nevada County Health Department circulated questionnaires attacked at a community level in a among the schools to roughly determine the dog population within the county. Tabulation revealed over 990 dogs were reported. Now a program of immunization must be organized to protect our valuable stock dogs, family pets and breeding animals, the health department declares.

Doctors Raymond Law and G. S. Knox have volunteered to hold clinics in specified locations in the county where animals can be immunized at a special reduced fee of $2 per animal.

The clinics will be held on the dates indicated below. At the same time, the county sanitarian will be on hand to register the animals. In the event animals have been vaccinated within the past year, present certificate indicating the date of the immunization and complete the registry.

Grass Valley, August 5, 7-9 p.m., Nevada County Fair Grounds.
North San Juan, August 6, 6-8 p.m., Babe's Hall.
Nevada City August 7, 7-9 p.m., Seanam Hall.
Truckee, August 11, 1-3 p.m.

## BANKING WAS NEVER LIKE THIS

**DOWN ON THE FARM and feeding a milk-hungry Holstein calf are these Bank of America officers enrolled in a special farm short course at the University of California's Davis campus. Holding bucket is Earle C. Egolf while gripping calf is H. Robert Renning, in center is Francis J. Gleeson, who are among the 30 bankers attending. Unique on the Pacific Coast, the farm seminar was sponsored by Bank of America in cooperation with the University Extension to enable branch officers from agricultural areas to gain a better understanding of California farm problems.**

### NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

To Whom It May Concern:

Subject to issuance of the license applied for, notice is hereby given that the undersigned proposes to sell alcoholic beverages at the premises, described as follows:

Donner Trading Post Inc.
Hwy. 40
Donner Lake, Nevada County

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance on original application of an alcoholic beverage license (or licenses) for these premises as follows:

ON-SALE BEER LICENSE

Anyone desiring to protect the issuance of such license(s) may file a verified protest with the Department of Alcoholic Beverage Control at Sacramento, California, stating grounds for denial as provided by law. The form of verification may be obtained from any office of the Department. The permises are now licensed for the sale of alcoholic beverages.

# TAHOE POSTSCRIPTS

By SWANEE
Telephone JUniper 3-3687

Few little three year olds have a nicer birthday party than Richard Baker, son of the James Bakers of Fairview Drive, who observed his natal date on July 17. His mother invited over two dozen of his little playmates to a "10 to 12" party on the beach at Tahoe Commons. Swimming was the principle activity but several gallons of the youngsters' favorite ice cream and cool drinks kept the party rolling. Among those present were Ann and Sally Starratt and their mother Mrs. Jack Starratt; Pat, Mike and Dan Dempsey; Karen, Diane and Leslie McBride and their mother; Mary Sheryl and Sally Heaney and their mother, Mrs. James Heaney; Lisa and David Beckman; Jerry, Janet, Scott and Brad Jorgenson and mother, Mrs. Bob Jorgenson; Fred Holbrook and his mother Betty; Eric, Paula, Heidi and Alita Henrikson and mother, Carolyn; Kathy Van Wetter and mother, Jean, of Squaw Valley; Mike and Julieann Bechdolt and Kathy Connors; Yvonne, Pam and Richie Baker, and Mrs. Eleanor Swanson.

* * *

Back from Reno for the rest of the summer at their Tahoe Park home are Mr. and Mrs. John Flagg.

Mr. and Mrs. Rudolph Zimmerman of San Francisco, former residents of the Sunnyside District south of Tahoe City, were in town last week visiting old friends. They were en route home from Canada where they spent a most enjoyable vacation.

* * *

Guests at the Tom Shaves summer home in Tahoe Pines are Mrs. Eunice Urling of San Jose and Mr. and Mrs. Henry J. McCracken of Carmel. Guests arriving this weekend included the Marty Shaves of Santa Clara.

* * *

## TIMELY TIPS

by MRS. MARIE HENRY

Home freezer units will keep frozen food for about 36 hours after they are shut off. Frozen meats, and other frozen foods, should be preserved by cooking them as soon as they begin to thaw as they spoil quickly. Once thawed they should be cooked before refreezing.

* * *

Guests of the Art Sathers at their lakeshore home in Homewood last week were Mr. and Mrs. Harold Snider of Pilot Hill and son Eddie.

* * *

I am indebted to Rie Henry for the dates of Tahoeites' birthdays in July: July 12, Pete Vanni; July 13, Mary Tabor Griswold; July 14, Jayne Shontz; July 19, William Wallace Mein, Sr., Constable Harry Johanson, Mrs. Elizabeth Walker, Bud Jones, and Marie Henry; July 20, Kay Starratt; July 26, Clarence W. Vernon; July 27, Pat Fox and on July 29, Mrs. Mary Plannett. July 26 is the wedding anniversary of the Norman Mayfields. To one and all may be extend hearty congratulations.

* * *

Unexpected company dropped in on the James Bakers of Fairway Drive over the weekend, all racing car enthusiasts driving an MGA, Austin Healey and Volkswagon. The party included Jacques Beaudouin of Cannes, France: Vern Weiss of San Mateo; Duncan Reynard of Redwood City; Monte Bailey of Burlingame; Seymour Seligman of Toronto, Canada, and Miss Barbara Feiling of Kentfield. Also ardent photographers, they took reels of pictures of the Gold Cup spectacular. Other guests on Sunday included Mrs. Chloris Mathewson of Sparks, and Rex Tollefson and Eleanor Swanson of Tahoe.

* * *

Following their annual custom, the Elfred Luhrs of Truckee River and the Albert Millers of Tahoe Park chartered Captain Bud Scott's 43-foot cruiser "Tahoe" on Saturday and Sunday for the Gold Cup races. The Millers were hosts on Sunday and the Luhrs on Saturday. Guests included Mr. and Mrs. Granville Abbott, Jr., Dr. and Mrs. Clark Burnham and others. The Luhrs take off on August 5 for the their annual vacation jaunt to Twin Creek ranch near Jackson, Wyo. They will visit Sun Valley and continue on up to Holiday Farms, on the McKenzie River in Oregon before returning home. They expect to be gone for several weeks.

* * *

The Norman Mayfields last week entertained his nephew, Arthur Ables, Jr., and wife of Denver. He is the father of well known former Tahoeite Pete Ables of Santa Ana, and of Mrs. Ray Prusso of San Lorenzo. After leaving Tahoe he motored down to visit at the homes of his children. The Ray Prussos and children, Donna, Scott and Billy enjoyed the weekend at Tahoe City as guests of the Mayfields.

Mrs. Pat Fox was an overnight patient last week at Tahoe Forest Hospital where she received tetanus shots for a lacerated knee, the injury incurred from a rusty nail.

Lowell Wolbrunk, with the Reno G.O.C. Filter Station for a year and a half, was among those visiting Joe and Rie Henry at Tahoe City Sunday. Other visitors were old-timers, Reno Red and Steve Craig of Auburn. Mrs. Royal Stark, and family, Joe's sister, also dropped in.

## *Sun Readers Given Early Opportunity At Greater Westwood*

An exclusive but limited opportunity for residents of Truckee to buy a home in Lassen County, at a lower price for the house and lot than most people pay for an unimproved lot alone, was announced this week by Phil Cothern concurrently with the opening of Greater Westwood, formerly a company-owned city where property could not be purchased. Cothern is property manager for the Greater Westwood firm. Details are contained in an ad on another page of the Sierra Sun.

"By offering people who work in this area the first chance to buy a home in Greater Westwood, this unique 'reborn' community we believe we are offering a really once-in-a-lifetime opportunity for one of the biggest home bargains in history," Cothern said.

When homes which are not reserved are offered to the general public, they will necessarily be increased in price to pay for the additional selling and advertising costs, he pointed out.

Due to the unprecedented interest already shown in Greater Westwood, this exclusive opportunity for Truckee residents to reserve a four, five, six, seven, eight or even nine-room house, fully priced from only $1,500 to $3,950, will not expire until August 5.

## TRINKETS MUST GO OFF CAR WINDSHIELD

SACRAMENTO (CNS)—Those baby shoes, county fair trinkets or oversiged dice have got to go. from rear view mirrors in automobiles.

Gov. Goodwin J Knight has signed into law AB1991 by Assemblyman Thomas Rees, which prohibits driving an automobile when any object is so placed as to obstruct the driver's clear view of the road through his windshield.

Advocates of such auto trimmings have until September 11 to rid themselves of the gadgets, as that's when the new law will take effect.

OLYMPIA with pleasure!

**Here's a new kind** of "calling card." For *telephone* calling, that is. These odd looking cards are made by a process called "printed wiring." In certain kinds of telephone equipment they can form electrical pathways, replacing an intricate maze of wires. I expect you've heard about Automatic Answering Sets—phones that answer your calls when nobody's in. Well, they've got printed wiring in them. The cards eliminate a tremendous amount of delicate soldering and connecting, yet help us bring you better service.

**Fire's a big hazard** this time of year. So it's a good time for us all to get behind Smokey Bear's Fire Prevention Campaign. They say fire burned about 9 million acres of forest land last year. We can help by being extra careful to put out matches, cigarettes and campfires. I'm happy to pass along Smokey Bear's slogan right here: "Only You Can Prevent Forest Fires." Good point for all of us to remember.

**ORDINANCE NO. 51**
**of**
**DONNER SUMMIT PUBLIC UTILITY DISTRICT DECLARING INTENTION OF APPROVING ANNEXATION AND DESCRIBING TERRITORY PROPOSED TO BE ANNEXED**

WHEREAS a petition has been filed by more than fifteen per cent of the owners and qualified electors and residents of land within the hereinafter described territory, being inhabited and uninhabited areas contiguous to said Donner Summit Public Utility District, requesting that said areas be annexed to said District; and

WHEREAS said petition has been examined by and sufficiency thereof certified to by the secretary of said Donner Summit Public Utility District;

NOW THEREFORE, BE IT ENACTED BY THE BOARD OF DIRECTORS of Donner Summit Public Utility District, as follows:

1. That the territory proposed for annexation is situated in the County of Nevada, State of California, and more particularly described as follows:

Commencing at the center of Section 22, Township 17 north, Range 14 east, MDB&M, the point of beginning, and running thence northerly along the north south center line of said Section 22, one-half mile more or less to the north line of said Section 22, thence easterly along the north line of Sections 22 and 23, one and one-half miles more or less to the point of intersection of the north lines of said Sections 22 and 23, with the west bank of Upper Castle Creek, situated in the northeast quarter of Section 23, thence southwesterly along the west bank of said Upper Castle Creek to the point of intersection of said west bank of Castle Creek, with the northerly shore of Lake Van Norden, situated partially in the south half of said Section 23, thence westerly along the north shore of said Lake Van Norden to the point of intersection of said north shore with the north south center line of said Section 23, thence southerly along said north south center line of Section 23 to the point of intersection thereof with the east west center line of the south half of Sections 22 and 23, thence westerly along said east west center line of the south half of Sections 22 and 23 one mile more or less to the point of intersection with the north south center line of said Section 22, one-quarter mile more or less to the center of said Section 22, also the point of beginning.

Excluding therefrom, however, such portions within the hereinabove boundaries as now lie within and are part of the Donner Summit Public Utility District.

2. That the annexation of the area hereinabove described will be to the advantage of said District, will benefit the areas to be annexed, and will facilitate the operation of District utilities, and therefore the Board of Directors hereby declares its intention to annex the same said annexation to be on the following terms and conditions:

(a) That the territory to be annexed and the property therein situated shall become liable for its proportionate share of any assessments or taxes now or hereafter levied, to pay obligations or indebtedness of Donner Summit Public Utility District now outstanding or hereafter incurred, whether bonded or otherwise; and the authority of the Board of Directors to establish and impose taxes, rates, rentals and-or service charges remaining unimpaired by this annexation.

(b) That extensions, construction or maintenance of public utilities works, services or facilities into, upon or within the annexed territory, shall be made and done by and with the approval and consent of the Board of Directors of said District and the expense thereof and cost thereby incurred be financed in such manner as the Board of Directors may determine, including, but without limiting such financing method the right to contract with owners of land or persons thereby benefited or served or payment of a portion of such expense, or such other method as may be provided by law.

3. That this ordinance shall be published and posted, and notice of hearing thereon be given for the time and in the manner required by law and Sections 17.301 and following the Public Utilities Code of the State of California, applicable to annexation of contiguous territory, said hearing to be in conformity with the dates specified and a copy of the notice of hearing attached hereto marked Exhibit "A" and by this reference incorporated herein.

The foregoing ordinance was duly passed and adopted by the Board of Directors of Donner Summit Public Utility District at a regular meeting thereof duly called and held on the 2nd day of July, 1957, by the following vote:

Ayes: Secco, Pratt
Noes: None
Vacant: One

DONNER SUMMIT PUBLIC UTILITY DISTRICT by S. C. SECCO
President of the Board of Directors. SEAL
ATTEST: MARIE STRICKLAND
Clerk and ex-officio Secretary thereof. j25-a1

## *New Californians Are Arriving at Rate Of Over 1-a-Minute*

SACRAMENTO —(CNS)— Every time an hour goes by—day or night—California gets 65 new civilian residents. The estimated total population on July 1 was 14,160,000 but a day later it was 14,161,560.

That's the report of the state department of finance, which said the state is gaining 960 new residents a day through migration and another 600 through the excess of births over deaths.

This growth means that each day adds an average of 590 workers to the civilian labor force and an average of 510 pupils a day to the state's public elementary and high schools.

California has shown a 33.8 per cent population growth since 1950, or about 3,574,000 new residents. The state now has 8.3 per cent of the total population of the United States, as compared to seven per cent in 1950.

Live births set a new record in 1956, for the seventh successive year, totaling 333,834. This was 20,000 higher than in 1955 and the 1956 crude birth rate of 24.5 was the second highest ever reported. About 345,000 live births are expected during 1957.

The death rate of 8.8. was unchanged in 1956, although the 119,786 deaths recorded was about 5,000 higher than in 1955. About 123,000 deaths are expected for 1957.

"The next three years give no hint of a let-up in the need for more facilities, more service, more jobs," the department's report said. "Houses, churches and hospitals must be built. Private initiative must provide more stores, offices, factories and jobs that they imply; government must share in furnishing more schools, colleges, institutional facilities, roads, parks and their related services."

### AT PAHATSI

The following units of the Tahoe Area Council, Boy Scouts of America are now enjoying a week of camping at Camp Pahatsi, near Sode Springs. Troop 19, Auburn; Troop 44, Grass Valley; Troop 3, Auburn; Troop 10, Auburn, second week; Troop 24, Nevada City; Troop 9, Penryn; Troop 12, Loomis; Troop 30, Roseville.

**NOTICE OF HEARING ON PROPOSED ANNEXATION OF TERRITORY, DONNER SUMMIT PUBLIC UTILITY DISTRICT**

NOTICE IS HEREBY GIVEN that the Board of Directors of Donner Summit Public Utility District will, on the 10th day of August, 1957, at the hour of eight o'clock P. M., at Crest Lodge, Soda Springs, Nevada County, California, hold a public hearing on petition for annexation heretofore filed with said Board, to determine whether or not said District shall be annexed to Donner Summit Public Utility District, pursuant to said petition and ordinance No. 51;

That the territory proposed to be annexed is situated in the County of Nevada, State of California and more particularly described as follows:

Commencing at the center of Section 22, Township 17 north, Range 14 east, MDB&M, the point of beginning, and running thence northerly along the north south center line of said Section 22, one-half mile more or less to the north line of said Section 22, thence easterly along the north line of Sections 22 and 23, one and one-half miles more or less, to the point of intersection of the north lines of said Sections 22 and 23, with the west bank of Upper Castle Creek, situated in the northeast quarter of Section 23, thence southwesterly along the west bank of said Upper Castle Creek to the point of intersection of said west bank of Castle Creek, with the northerly shore of Lake Van Norden, situated partially in the south half of said Section 23, thence westerly along the north shore of said Lake Van Norden to the point of intersection of said north shore with the north south center line of said Section 23, thence southerly along said north south center line of Section 23 to the point of intersection thereof with the east west center line of the south half of Sections 22 and 23, thence westerly along said east west center line of the south half of Sections 22 and 23 one mile more or less to the point of intersection with the north south center line of said Section 22, one-quarter mile more or less to the center of said Section 22, also the point of beginning.

Excluding therefrom, however, such portions within the hereinabove boundaries as now lie within and are part of the Donner Summit Public Utility District.

NOTICE IS FURTHER GIVEN that all persons interested in, or that may be affected by the proposed annexation of territory, within the said District, are to appear at said meeting and show cause, if any they have, in writing, why said territory, or any part thereof, should not be annexed as proposed in said petition and ordinance No. 51.

DONNER SUMMIT PUBLIC UTILITY DISTRICT by S. C. SECCO
President of the Board of Directors thereof. j25-a1

**BEFORE ARIZONA WAS A STATE—In 1898, when Fort Huachuca was emerging from its Indian fighting days but its electronic proving ground days were a good half century away, the chaplain's family first saw its new home from this primitive mule-drawn stagecoach. Driver and chaplain vie for walrus mustache honors. Huachuca, now 75 years old, was once the home of the Apache Scouts.**

## *Drives Into Tree Near Meeks Bay; Driver Taken to Hospital*

MEEKS BAY— The highway patrol reported Michael L. Marsten, 20, was found unconscious in the wreckage of the car he was driving after it hit a tree beside State Highway 89 near Meeks Bay early last Thursday, July 18.

Officers said cards in Marsten's possession indicated he is a resident of Baltimore, Md., and formerly lived in San Francisco. The car was registered to Albert Muller of San Francisco.

Marsten was taken to the Tahoe Forest Hospital at Truckee.

## Milo Browne Low Bidder For Job at Donner Park

A low bid of $9,873 has been submitted by Milo N. Browne of Kings Beach for roadway improvement in Donner State Park. Three construction firms submitted bids.

Provisions of the contract call for the present traveled way to be graded and shaped, a prime coat applied and the road to be finished with a plant-mixed surface. The work is being done to improve access to camp sites and service areas in a portion of the park.

District Engineer Alan S. Hart said work must start within 15 days after approval of the contract by the Attorney General and be completed in 25 working days.

### WELFARE COSTS UP

AUBURN— A $75,500 increase in Placer County welfare payments in the last fiscal year over the previous year has been reported by County Welfare Director Alfred Hailparn.

## Truckee Community Methodist Church Calendar

**Aubrey T. Clark, Pastor**

Thursday, July 25, at 7 p.m. Important meeting of the commission on membership and evangelism. Mrs. Ruth Morey, chairman. Victor McLane, Marcia McLane, Mr. Skip Ferdinand and Mrs. Benetta Sciutto.

Thursday, July 25, at 8 p.m. Midweek worship service topic: "Going His Way." Suggestion: Use your concordance, and read up on "The Way." We will seek to discover through Bible study and prayer what is His way for our lives, and for our church. Some of you asked for it! Be sure and come, and bring others with you.

Friday, July 26, the Methodist Youth Fellowship, Mr. and Mrs. C. Z. Smith, our new counsellors.

Following the worship service, officers will be elected. Refreshments and games will be enjoyed Plans will be made. All MYFers come early and help.

Sunday, July 28, church school for all ages, meets at 9:45 a.m. Morning worship at 11 a.m. Sermon topic: "What About Our Children?" This will be Pastor Clark's fifth Sunday with us. Let us all plan to be present. Of course, visitors are welcome. Come early!

## Lightning Knocks Out Girls Wading at Bijou

Earlier this week, two Billbrae girls—Karen Zunino, 12, and Judy Banks, 14—were knocked out by lightning striking near them during a freak summer storm which came up while they were wading in Lake Tahoe near Bijou.

Harold Rauch, who operates a trout fishing concession near where the girls were wading, described the lightning as "a big ball of fire." He and an assistant rescued the two young ladies.

Doctors found no injuries. The girls, apparently unconscious for five minutes and shaken up by the mishap, were taken to a hospital at Carson City for observation.

## *State College Players Present First Opus In Tahoe City School*

TAHOE CITY— "The Rainmaker" by Richard Nash will be the first summer theater fare presented by the Sacramento State College group at Lake Tahoe.

"The Rainmaker" is an exciting fast-moving comedy which is concerned with the efforts of the Curry family to marry off the only girl in the family before she becomes and "old maid." The delightful fantasy of Starbuck, a glib con man, who promises to bring rain for a large fee, is interwoven with the impending tragedy resulting from drought and the distress brought to a family whose only daughter is "plain."

This summer the theater group has attracted people with divergent professional backgrounds and theatrical experience. The summer theater productions are again being directed by Dr. Carl Thomas.

Theater time will be August 1 and August 2 at 8:30 p.m. in the Tahoe City School auditorium.

### ENROLLMENTS RISE

AUBURN— A 6½ percent increase in school enrollment in Placer County for the year ending in June, 1957, over the previous year has been reported by Albert F. Bequette, county school superintendent.

## My Place In the Sun

**by DOUG BARRETT**

Here we are again.....while Walt and Harriett take off for a few days, Barbara and I and our four girls are up to get out our annual edition of the Sun.....the girls are growing.....Kathryn topped 5 feet a few weeks ago.....our baby turned 7 on July 15.....and so it goes .....this is for the benefit of those who remember me from when I arrived in Truckee in 1936.....Just before going to Washington and Virginia with Governor Knight last month I was up for a weekend..... was distressed then to have to go out to Tahoe Forest Hospital to see Charlie Heller.....and I'm very glad to see him up and about this trip.....Miss Sgt. Frank Snyder, who took off Monday for several days duty in Auburn.....in charge of the Placer squad, California Highway Patrol.....Was interested to meet Dr. George Kelley, up from San Francisco.....the good doctor, still in active practice, is a son-in-law of the late General C. F. McGlashan, Truckee patriarch, politician and historian of bygone days.....Elmer and Vernon Sadocchi up from Bakersfield and Grover City respectively.....perambulating down the block with Judge F. W. "Mountain Justice" Wilson.....and shopping for fishing tackle at Cabona's.....Understand Bob Seibold has worked a property swap with Clarence Osburn.....in which the former takes over the motel on Main Street from the latter.....and said latter takes over Bob's home-in-progress at Gateway .....Harold Langille and Charlie Fink collaborating on a reel repair job at the sports department of Loynd's Truckee Drug.....Note the foundations of Harry Digesti's new home taking shape.....next door to the Firpo manse at Gateway.....Bob Bick in the post office before breakfast.....en route to Nevada City for jury duty Monday..... hear both Will Englehart and Ralph Bretthauer were both called for the same time as Bob..... Carroll Maynard displaying characteristic dash.....in sporting a most becoming adornment on his upper lip.....mustache, that is..... Our girls are champing at the bit to see Karen Smart's new horse .....which she saved so long to buy.....Reg Smart mixing ice cream sodas behind the counter at Bud's .....while owner Hermann Owens took care of other customers..... It's been good to come "home" again.....and we look forward to returning next summer.....'Bye for now.....

## *Governor Knight Acts On 2669 Bills Left By Legislative Session*

SACRAMENNTO —(CNS)— The final box score for the 1957 session of the state legislature showed 2669 bills passed, of the more than 7,000 introduced. Of this number, Governor Knight signed 2424 into law, vetoed 23 during the session and killed 222 by pocket veto as of midnight July 17.

During the 1955 session, 2,103 bills were passed, of which 1,966 were signed, eight vetoed and 129 pocket vetoed by the governor.

The first ascent of Mt. Whitney was made August 18, 1873.

# NEWS NOTES FROM TAHOE

By Naomi McLane
(Tahoe City, Box 711. Ph. 246-J)

The lake seems very quiet after the weekend. It was a great race and its always fun to see these boats but it's also always nice to slip back to our more peaceful way of living.

Again it was no holiday for our highway patrol officers. I got into a wrong lane right in the middle of town and had an unwanted chance to see how really hard directing such traffic must be. It looked much like directing a symphony orchestra but the noise is not so pleasing, and too many of the recalcitrant "instruments" talk back, which certainly seems unfair. Think what the congestion would have been without direction—which is a pretty back handed way of giving whole hearted praise to our officers.

The smaller races did not get as much notice as they perhaps deserve. All kinds of bad luck followed Howard Carnell's little red boat. Props were lost in the mail and at the last minute Fred Main lent one which did not quite belong. Even so Driver Tom Wisdom put up a good fight. Better luck next time.

A great many of the telephone men acted as auxiliary firemen during the races so it was natural that the wives gathered together. Mrs. Bill Williams was hostess to Phyllis Frieland, Doris Day, Ora Day, Betty Jorgensen, and Marie Doolittle who had come up unexpectedly from Winnemucca, Nev. A pot-luck supper was enjoyed by all, including the children.

Bob and Betty Jorgensen and the children, Jerry, Janet, Scott and Brad, will spend part of their holiday week in Oakland where they will visit friends and relatives. They will return Tuesday in order to attend the wedding of Miss Geri Bean on Wednesday.

A delightful program of music and stories was given Thursday night at a demonstration evening to show parents what had been done at Daily Vacation Bible School these last two weeks. Miss Mariane McDougald has been teaching the little children and Miss Caroline Hansen the second and third graders. Classes for older children, fifth grade through high school age, begin this week. Youngsters who did not know about the first week are still welcome to attend for the second, say the teachers. The classes are from 1 to 3:30 in the Community Hall above the post office.

The Rev. John Karutz announces a special Sunday this July 28. At 6:30 p.m. a fellowship will be held on the Tahoe City Commons with the Truckee Bible Church as guests. There will be a weiner roast, a singspiration, and devotional message by the Rev. Roy S. Rhodes of Truckee. All who care to come are most welcome. Karutz's sermon subject for the 3 p.m. worship service is "The Three Way Look from the Communion Table." Baptismal services in the lake will be held immediately following the regular service.

Mrs. Ethel Joslin Vernon sustained a broken wrist bone when she fell the other day on the Commons pier while walking her old canine companion, Captain. Dr. Chase at the Tahoe Tavern took care of the patient who now carries a cumbersome cast.

Among the thousands who attended the races over the weekend was John Fulton of Carmichael who has not missed one race since the first. With him was his wife, Elaine, and their children, Bob, Joannie, Judy and Cathy. Also Carmichael neighbors, Mr. and Mrs. Walter Baker and their children, Ronnie and Marilyn, accompanied the Fultons.

Mrs. Lillian Farr and Mrs. Helen Rauscher are both attending summer session at the Sacramento State College summer school at Tahoe Lake School.

Naomi Plew and the children, Chrissie, Bobby and Cliff, walked from Lake Forest to the Commons to view the races Saturday. It was probably faster than riding anyway.

One-half of the Burmer family celebrates birthdays in this middle month of the year. Leatrice had a birthday on July 11, son Grant had one on the 19th and son Gary will celebrate on the 30th.

The two young women, Miss Marianne McDougald and Miss Caroline Hansen, who are conducting the Daily Vacation Bible School are also holding a four-week course on the book of Phillippians for mothers and anyone else who is interested. On Tuesday mornings at the home of Mrs. Marshall Ruhkala one session will be held from

# GREATER WESTWOOD

**People who know are signing up for the BIGGEST HOME BARGAIN IN HISTORY**

Once in a lifetime an opportunity like this comes along and we are happy to make this preview announcement to you . . . the people in the near vicinity . . . in order that you may have first choice.

Westwood in California's Lassen County, has a long history as an important lumbering center but, as a company-owned city, property could not be purchased. Now . . . at last . . . you can own a home here and actually pay less for the house and lot than many people have paid for an **un-developed** lot!

**FIVE SENSATIONAL REMODELED HOMES ARE READY NOW——TO SHOW WHAT CAN BE DONE! The reason you save so much is that these homes are offered on an *"as is"* basis You'll be delighted to see what can be done with a hammer and nails, a paint brush and a little do-it-yourself effort**

**——when you visit the remodeled homes now ready for your inspection!**

**DON'T DELAY! THIS IS A FIRST-COME, FIRST-SERVED PROPOSITION!** When these homes are gone, this offer can never be repeated! That is why we are giving you the first chance to buy!

**REMEMBER,** when these homes are offered to the general public outside this area, the prices will necessarily be increased because of greater selling and advertising costs!

**DEPOSITS ARE NOW BEING ACCEPTED!** You can make a reservation **now** for one of these homes . . . at the **greatest saving** ever offered! If you cannot visit GREATER | WESTWOOD this weekend, write or call us—**now!** We'll be happy to send complete details without obligation.

UTILITIES ARE IN

**ELECTRICITY** supplied by California-Pacific Utilities Company. **TELEPHONE** service operated by California-Pacific Utilities Company. **SEWERS** are in and paid for in main residential area. **WATER** supplied by Northern Counties Utility Company from mountain springs. Ample supply through 14-inch steel pipe line. **ROADS,** all weather and open year 'round, maintained by the county. **POLICE** and **FIRE PROTECTION** by the County Sheriff and Westwood Fire Department.

# NORTH TAHOE

By JUDGE HARRY CHARRISON

### Sweet Bells

Yes, the wedding bells rang sweetly for Jeanne Suzanne Roegner and Benjamin Michael McGee III, when they took the marriage vows last Saturday evening at our home in Kings Beach. It was one of the prettiest wedding ceremonies held this year. The bride was dressed in a pink afternoon gown, while the bridesmaid wore a gray ensemble. They were both from Sierra Madre in southern California. Ann Tyler was bridesmaid while Fred B. Tyler acted as best man. A short honeymoon was spent at the lake before the couple returned to Sierra Madre where they will make their home. The groom expressed a desire to come back to Tahoe and maybe go into the resort business.

### Both Good

There is always a difference in the way of enjoying one's self, as we find from day to day, at Crystal Bay with all of its fun and then at Tahoe City, we had the very great privilege to be entertained at the Tahoe Tavern where we, my wife and I spent a cocktail hour followed with a delightful dinner with Mr. and Mrs. Fred Ickelson, manager, and their two children, Judy and Fred. It was wonderful with its quiet dignity and very sedate. I was surprised to know that the hotel was built in 1901 and still beautiful. Fred told me that there was no less than 11 conventions held there during June of this year, quite a record, and the hotel is booked up solid for the whole season. Al Brune is the assistant manager.

### Visitors

Had the pleasure of visiting with a friend, Connie Young, up here for the summer from England and also David Frankel staying a short while. David has just returned from a world tour.

### Tahoe-Truckee Airport

In response to a petition from residents of the area that the Placer County Supervisors take up the problem, they announce that there will be a public meeting in the Community Center in Tahoe City at 10 a.m. on August 9. Each one of you that is interested may attend this important meeting. The said district is the area described as

Identical with the boundaries of the Tahoe-Truckee Unified School District situated in the counties of Nevada and Placer.

### Accident

Our very good friend, James H. Nelson, Placer County probation officer, is in the Sutter Hospital in Sacramento, with a fractured leg which was badly crushed. It is hoped that there are no internal injuries. It happened near Carpenters Flats, when his Jeep ran on a soft shoulder and turned over. We sure wish Jim well and a speedy recovery.

### On Top

Yes, something to crow about, Placer County had a big year as far as the unincorporated area is concerned for the fiscal year 56-57 with $7,126,671 in building permits, and the 4th District, Kings Beach area was on top with $2,470,246, District 5 next with $1,883,245 that is the Tahoe City area. Both Frank Paoli and Andy Anderson are supervisors for these districts and by the way are doing a swell job.

### Over The Mountain

Met some friends in Reno last week in the person of Mr. and Mrs. Marc Palen. They had flown to Reno from San Francisco in a patrol plane. March is a deputy sheriff with the Marin County Sheriff's Department Air Patrol. They visited with friends at Tahoma and drove with us over Mt. Rose.

### Visitors

Mr. and Mrs. Joseph Marquez and family of Salinas, daughter of Mrs. Dixon, spent a week with the Dixons at their beautiful home at Crystal Bay, along with Mr. and Mrs. Don Gordon, former residents of the Stateline. They are owners of Trailers Sales at Moab, Utah.

### Here And Gone

The Harvey Klitzkes are on their way back to North Hollywood just for a very short stay and when they return will be permanent residents, we hope.

### Newly Married

Dave Crow came back to the Tahoe Biltmore, and brought with him his beautiful bride—a charming personality, too. They honeymooned all over the eastern states. One beautiful spot visited was Niagara Falls on the Canadian side, a favorite spot of ours. They received a great big welcome upon their return.

### Record Crowd

With the boat races and the time of year, there was a record crowd at the North Shore. All resorts too were filled to overflowing, and more fun than we have had all summer. We hope it continues for a few months at least.

### Nice Visitors

The Bud Rabskas of Tahoe City and Kings Beach had as their visitors, Mr. and Mrs. Wayne Mize of Oro Grande and daughter, Ida Mae, also Wayne, Jr., Wayne, Sr., is chief of police of Oro Grande. They made the rounds with the Rabskas, even visited Virginia City, and many other points of interest.

### Law Again

Paul C. Spaver and his wife, Evelyn, and daughter, Barbara, were guests of Mr. and Mrs. Joe Spavor of Crystal Bay Club during the past week. Paul is a detective wth the St. Louis Police Department and is one of the foremost pistol shots in the country. They were really sold on the lake.

### Court Blotter

Lawrence B. Garlin, itinerant, appeared in the Tahoe Medical District Court on a charge of being drunk in Kings Beach and was given a 30-day jail term. Zigmond G. Dedo of Washington, appeared on a drunk charge and paid a fine of $50 after a plea of guilty.

Two juveniles, aged 14 and 15, were arrested by Highway Patrol Officer Bud McCallen on a charge of carrying a concealed weapon, and one with no drivers license. Judge Charrison certified both to the juvenile court in Auburn. Both are from Reno.

Six loggers were recently cited for overloading, and all appeared in Judge Charrison's court in Tahoe City. They pleaded guilty to the following: Clifford Grimes with 4500 pounds, fined $55; Birdie Lee Taylor with 10,000 pounds overweight, fined $660; Robert E. Winters with 4000 pounds, $35; E. C.Pierce, with 4500 pounds overweight, $55 and R. V. Callahan with 5500 pounds overweight fined $120.

### CARD OF THANKS

I wish to thank all my dear friends for their many kindnesses and visits and for their flowers and cards sent to me during my illness. It was greatly appreciated.

Ruth Mizner,
Kings Beach.

### KINGS BEACH CHURCH

Earl L. Langguth, pastor.
Sunday school, 9:45 a.m.
Services, 11 a.m.
Afternoon services, 5 p.m.
Women's Society of Christian Service, Mrs. Lillian Taylor, Tahoe City, president. Meetings first Wednesday of each month.

## Tahoe News Notes

(Continued from Page 5)

10 till 11 a.m. There will be a separate story hour for children so mothers are free to bring them. On Wednesday mornings in Tahoe City a similar class will be held at the same hour in the home of Mrs. Betty Baker. Again the children will have a story hour.

Twenty-nine visitors at Rotary Tuesday noon at the Tahoe Inn outnumbered the 26 home members. John Mahrt of the Petaluma Rotary Club won a free ride in one of the Gold Cup racing boats. The main speaker on the program was Col. R. E. Schleeh, U.S.A.F. jet pilot and driver of Shanty I, last year's winning entrant in the Gold Cup classic. He talked on the mechanics of speed boat building and the racing of high powered boats. He answered many questions from the highly interested group of Rotarians. Colonel Schleeh is on leave from the air force to drive the Shanty I and has won many events for the last many months.

## HEROIC SISTER RESCUES TAHOE BOY FROM LAKE

TAHOE CITY—Tragedy was happily averted around 7:30 p.m. Sunday night at the Lakeshore home of Mr. and Mrs. Carl Bechdolt, Jr. At that time 6-year-old Calvin Bechdolt and his sister, 5-year-old Mindy, took a stroll down the holl to the family pier.

Shortly after arriving Calvin fell into the lake and sank. Mindy rushed screaming to the house to notify her brothers and sisters who in turn hurried to the wharf. Without hesitation 16-year-old Sharon dived in and brought the little fellow safely to shore, but not before the family's faithful German short-hair, "Moose" did his best to aid in the rescue. Sharon administered artificial respiration and by the time the Tahoe City ambulance and its crew, consisting of Jay Shontz, Bob Stark and Pete Vanni arrived, the youngster was out of danger. He was brought to Tahoe Forest Hospital in Truckee where on Monday the word received was that he was doing fine.

Other members of the family hurried down as soon as word reached them, and neighbors offered kindly assistance. Parents Carl and Elsie Bell have recovered from the shock, and all is well once again.

Sharon on Monday said that the youngsters wandered away unknown to the older children through a misunderstanding. Twelve-year-old brother, Parkie, thought the little ones were inside the house with Sharon, and Sharon thought Parkie was watching them with him outside. Other children in the family are Patrick, 2, and Chris, 19.

Congratulations are in order to brave little Sharon whose presence of mind prevented real tragedy.

Swimming classes start at Tahoe this morning, Monday, and let's hope all parents of local youngsters take heed of this lesson and enroll their children in classes which teach the first law of nature . . . self preservation.

READ ALL THE ADS!

### CLUB MEETS

The Reno Rose Gardeners Club met last week for its annual potluck luncheon at the summer home of Mrs. Frank Hendricks at Kings Beach. The hostess was assisted in serving by Mrs. Antone Hendricks and Mrs. Ray Sylvester presided. Business under discussion included possible participation in the California State Fair at Sacramento.

### NEVADA COUNTY ORDINANCE No. 213

**On April 11, 1957 the Board of Supervisors of Nevada County passed the above ordinance which provides as follows:**

SECTION 3.8: It shall be unlawful for any person, firm or corporation, either as owner, architect, contractor, artisan or otherwise, to do or knowingly to cause or permit to be done any electrical wiring in the unincorporated area of the County of Nevada in such manner that the same shall not conform to the provisions of the following subsections (a) and (b):

(a) Service entrance conductors to single family dwellings of over 900 sq. ft. shall consist of three (3) conductors not smaller than No. 2 AWG copper or equivalent; or three conductor No. 2 AWC copper or equivalent service entrance cable. All dwellings wired for an electrical range and| or dryer and|or water heater shall have a 100 ampere minimum service regardless of floor area.

(b) The capacity of the service entrance distribution panel, and the main switch if one is installed, shall be not less than 100 amperes. The distribution panel shall be designed to accommodate not less than eight (8) branch circuit fuses or circuit breaker poles, so arranged that at least two three-wire branch circuits of 50 amperes capacity each can be provided.

**The District may refuse to connect its services to dwellings not wired in accordance with the above ordinance.**

## AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO (CNS) — There always is considerable divergence of opinion on the matter of politicans or elected officials injecting themselves into sports matters and the recent surge of speculation about "westward ho" with the major league baseball teams has produced many comments.

To the credit of Gov. Goodwin J. Knight, he remained out of the picture for a long time, letting lesser officials "lobby" major league teams to select California cities as their future "home towns."

But, of late, even the governor has been drawn into the controversy.

As might be expected, he is for baseball. And he has a few ideas about the economics of the game that even Walter O'Malley of the Dodgers may not have considered.

"We're big enough in population to merit inclusion in the major leagues," Knight said. "We are sports-minded enonugh to enthusiastically want these teams—as witness, we have appropriated more than nine million dollars for the Winter Olympics."

"In the summer time (and here is where Knight comes up with logic to which Mr. O'Malley might lend an ear) we have enough tourists that want to see their home teams play, that would be one reservoir of patronage alone," the governor said.

Knight said he hadn't made either these sentiments or the state's enthusiasm in general known to any of the eastern baseball moguls because he wasn't too sure just how to go about it. But he hopes this is being done. As for the theory that a western "invasion" by the big leagues might spell the end of the Pacific Coast League, Knight said:

"I think in the long run it will stimulate a greater interest in all baseball, even the Coast league."

Knight's comments on baseball at a recent news conference were his first statements on major sports since the time the "hackles on his red-blooded American neck" were raised by the inequities in the football player subsidies in Pacific Coast Conference schools.

While he was on the subject, Knight also had some pointed comments to make on another sport—golf. Knight said he would "give some serious study" to the golf situation in general and see if something couldn't be done to stop encroachments of subdivisions on golf courses.

"They are teaching golf in schools now," he said, "and I think the recreation departments and public should give thought to extension of more golf courses."

Golf is a game which certainly has become more aligned with politics since the first election of President Dwight D. Eisenhower. Knight also in an enthusiast of the game although his efforts on the links have been quiet and unheralded. A long ball hitter, he is given to playing in the early morning when few other players are around.

Governor Knight's golf score is no more known to newsmen, or to the public, than is the President's. On the matter of his score, Knight was asked if he would consider running for the presidency if he got his score "down in the low seventies."

The laughing answer to this rather facetious question was that if his score was in the low seventies, it would indicate he was neglecting his office.

Whatever the governor's golf score, and whether or not he knows who is leading the American League pennant race, his sports remarks have touched on subjects dear to the hearts of hundreds of thousands of Californians, many of whom, it is to be expected, are registered to vote in state elections.

## SURPLUS DEMOUNTABLE HOUSES TO BE SOLD

The Housing Authority of the County of Contra Costa is offering for sale to the highest bidder:

**40—One Bedroom Units**
**36—Two Bedroom Units**

Bids may be for one, several, or all of the units offered.

Bid documents may be obtained at the main office of the Authority, 700 "D" Street, Martinez, California, or at Knox Park, Port Chicago California.

Bids will be opened at 2 p.m., Tuesday, August 13, 1957.

## MANY CONTRIBUTE BEHIND THE SCENES TO RACES' SUCCESS

By SWANEE

TAHOE CITY — Another Gold Cup speed boat spectacular at Tahoe has passed into history, but it will not be forgotten for years to come. The three-day events were truly thrilling, and never in Tahoe's history has such an enormous crowd visited our shores. All who cooperated so gallantly in making it the outstanding success it was, we congratulate, but the nicest orchids are due Norman Mayfield and Fred Main, owners of Tahoe Boat Company, who donated, free of charge, 600 feet of lakefront, every building on their grounds, every mechanical device imaginable, to say nothing of time, piers, and manpower, to mention only a few of their bounties. For almost a week their own business interests had to be put aside in order to assist the racing boats and their crews.

Mayfield on Sunday evening stated that between 80,000 and 100,000 persons jammed every conceivable inch of parking space and lined the lake shores for miles. However, the AAA of Tahoe City Garage reports not one accident was reported to them, only a few cars requiring towing out of sandy spots along the highway. We'd say the Highway Patrol deserved a heap of orchids, too, for their part in preserving order throughout the greatest jam in Tahoe's motoring history.

Volunteer Fire Chief Al Henry did his bit before hand in preventing any fires by appealing to the Civil Defense department for addition fire equipment. This was sent from Citrus Heights, Stead Air Force Base in Reno, Kings Beach, Truckee, each with a four-man crew, and the Tahoe City Volunteer fire truck stood by.

Unit Ranger Jack Schindler of William Campground Forest Service Station reported Sunday night that his big truck was stationed at Tahoe City, and two of his patrolmen were on constant duty elsewhere. He reported putting out 15 cigarette fires in the area, one on Sunday evening around five near Sanford's Town and Country. Any of these could have proven costly, and disastrous, had they not been caught in time. He did his bit by erecting fire prevention signs throughout the district, so to Unit Ranger Schindler and his crew we offer orchids, too!

While we're throwing around the bouquets, we mustn't forget the Coast Guard, on the job every minute. And Mrs. Helen Main too, who worked side by side with her weary husband for days past, as tired as he, but loving every minute of it. And last but not least, Fred Ackerman, who has a summer home at Tahoe Pines and is president of Greyhound Bus Lines. When Norman Mayfield, in charge of transportation and parking, was told at the last minute that the man who had promised to furnish buses for the crowd couldn't do it, Ackerman sent over his company's buses free of charge to fill the emergency.

Coronado, Calif., offers events from baton twirling contests to boat races during its annual observance of Fiesta week, July 28 through Aug. 3. Queen Arlene Geisser is shown here aboard a yacht in a pose of welcome to visitors to the city across the bay from San Diego.

CNPA News Service

## Files Papers

SACRAMENTO (CNS) — Secretary of State Frank M. Jordan announced today the Tahoe Sierra Airways, a Nevada County firm operating an airline and aviation business, has filed article of incorporation with his office, to be capitalized at $200,000 in $10 par shares.

The firm listed directors as Jack Elsbree, Charles V. Litton and John J. Looser, all of Grass Valley.

## Georgetown Jeepsters Plan Rugged Tour Over Sierra to Lake

GEORGETOWN —Jeepwhackers tuning up for the fifth annual Jeepers Jamboree will reflect a new look when they leave here Saturday for a two-day trip over rugged Devil's Playground to Lake Tahoe.

Mark Smith, veteran jeepmaster, said snood type caps of the Foreign Legion have been ordered from Chicago and each participant will be given one free.

Reservations for the trip are piling up, with 68 received by the first of the week from several western states, Smith added. In last year's trip there were 187 jeeps from throughout the United States.

Advance outriders have scouted the trail and reported last winter storms roughened the already tough route, requiring vehicles and drivers to be in top condition.

The Jeepers will breakfast Saturday at 6:30 p.m. at Masonic Hall and Growlersburg VFW Post. They will leave Georgetown in units of 10, each unit with a guide.

The drivers will eat lunch along the trail and arrive in Rubicon Springs by midafternoon. Special entertainment, including a dance, is scheduled for the overnight stop. Georgetown Parlor, NSGW, will sponsor a barbecue.

Arrival at Lake Tahoe is scheduled for Sunday afternoon. The hungry drivers will feast on steak at the foot of Heavenly Valley Resort chair lift.

The annual bounce across the Sierra is a non-profit program sponsored by Georgetown Divide Rotary Club. Anyone with a capable jeep may participate.

One out of every ten grass fires is caused by children playing with matches; keep children and matches apart.

Kodiak bears are the largest of all bears and reach full maturity at seven years.

BE CAREFUL WITH FIRE!

## FEWER BILLBOARDS, MORE LANDSCAPING FOR STATE ROADS

SACRAMENTO —(CNS)— Motorists along California's 14,000 miles of state highways may find fewer billboards and more shrubbery and landscaping on the roadside under some policies adopted by the California Highway Commission.

The commission voted to carry out terms of a resolution approved during the recent legislature, by Assemblyman Lee Backstrand (R-Riverside). The measure said "expenditures for landscaping and for design that enhances the attractiveness of highways are legitimate highway purposes. . . and the appearance of freeways and other highways, and their design and landscaping in keeping with their immediate surroundings, especially in metropolitan areas, are major factors in their acceptance by the public in the affected communities."

The resolution noted that some $7 million has been spent in the past 10 years for highway planting, only about .6 per cent of the total highway expenditures.

Billboards are prohibited from roadsides only when considerable landscaping or roadside planting has been done. Functional plantings for erosion control, traffic safety, fire control or noise abatement do not permit controlling of the signs.

If at least one side of the road is planted in "lawns, trees, shrubs, flowers or other ornamentation" which require considerable maintenance, the signs may be ordered off the property adjacent to the highway right-of-way. If a new section is to be landscaped, owners of the signs have one year in which to remove them.

The commission specifically approved a report of G. T. McCoy, state highway engineer, which recommended funds for beautification of freeways be included in the 1958-59 budget.

However, one commissioner, Robert L. Bishop of Santa Rosa, was quick to point out this didn't mean an all-out drive for roadside planting and landscaping.

"There should be no misapprehension," Bishop said. "The assembly resolution points out it should be 'economically feasible' and uses the term 'moderate' increase in landscaping."

The division of highways will submit to the commission a planned program for planting on freeways and local authorities will be asked if they wish to cooperate in the ventures.

Artists' drawings or other visual aids will be presented at all public meetings or hearings on freeways in order to show what may be expected visually in such projects.

## Trailer Control Law For Tahoe District Gets Board Approval

AUBURN— An emergency amendment to the Lake Tahoe trailer ordinance to prohibit trailers from being used for business purposes at the lake has been adopted by the Placer County board of supervisors.

The amendment went into effect immediately. It had been recommended by the county planning commission earlier, after Lake Tahoe business people protested that hot dog stands and other temporary businesses were in operation on that basis.

In other action, the board also authorized Supervisor Frank Paoli to execute a contract for the purchase of approximately one acre of land from the Lakeside Gun Club at Lake Tahoe for $2,500, with the land to be used as a road maintenance station .

# STRICTLY STRICKLAND

By Bill Strickland

Typographical errors are not uncommon in the publishing business and that one in this column last week was obviously an unintentional error. The change of shift time on the U. S. 40 highway job should have read 3:30-4:00 p.m. instead of 3:30-5:00. Anyway, we hope there was no harm done.

In writing of progress, of which there is plenty, and events, of which there are many, we can't help but wonder what by-play was involved that kept the Dog Valley road from being surfaced as a detour. It would certainly have served as an excellent one, and also have been a good alternate second road. The half million bucks being spent on that two mile detour being constructed, and which will serve no purpose other than a detour, would have made quite a boulevard out of the Dog Valley road.

One traveler wondered why Highways 40 and 50 weren't closed alternately while four laning. Run all of the traffic over 50 for four years while 40 was being built, then run all traffic over 40 while 50 was being built. Good idea—if practical, but it certainly would bankrupt every businessman and enterprise in the area. Having a seasonal business makes it pretty rough, but to be buttoned up for four years! Wow! Don't think many businesses would survive. I asked the man if would be in favor of his plan if he were in business up here. "Well, no," he said, "that would be different."

Others wonder about lining the trucks up in the left lane, heading west. "Are you going to let all of those trucks go ahead of us?" has been a question many times. If that question is asked in a beligerent sort of way, and it usually is, I answer that that is the only way we can hold the traffic down to the 25 mile an hour posted speed limit. When the autos start moving first though, you can see the scowls fade and be replaced by satisfied smiles.

If you're delayed after dark on the highway, don't forget to leave your parking lights on. It's a state law and you are on a public highway.

One hundred and fifty two youngsters are enrolled in the swimming classes at Beacon Hill Lodge. About 60 are in the beginners group and are in the eight years and under bracket. Just watching the uninhibited antics of these youngsters is a show in itself. But to see the weekly progress under the expert tutelage of Dan Holub is really gratifying.

* * * *

Ronnie Rau has just ended another five-day hospital stay. Another cast on the leg that was broken way back in April while practicing for the Sugar Bowl's Silver Belt ski race. It was the third time Ronnie had broken that leg racing, but not once has it slowed him down in his conquest of making a name for himself as a competitive skier. It will be another two months before he'll be able to use it freely, and it's quite a handicap to a young man of 18, but he says he'll be ready again by snowtime. He will be, too. We've known this young man since his birth and can sincerely and truthfully say we've never met anyone with more determination and ability. He has everything necessary to become one of the world's greatest, and we predict he will be just that, at Squaw Valley in the 1960 Winter Olympic Games. Stay with it, Rau! Rau!

## Local Man Defendant In Suit Over Log Deal

AUBURN—The Big Ben Timber Company has filed a damage action for $3769.08 against the Truckee Lumber Company, George Kaspian, the Byron Lumber Company and Sidney Topel as the aftermath of a dispute on a logging transaction.

The plaintiff says it represents the sum due on a transaction in which $15,000 has already been paid, and charges breach of contract for failure to pay the sum sued for.

## NEW LAND USE MAN FOR FOREST SERVICE

L. A. Rickel, forest supervisor, Tahoe National Forest, announced that Ranger Ralph Lessel of the Lassen National Forest has been named to the Tahoe staff as land use, recreation and grazing staff officer.

Lessel replaces Howard Smith who recently was promoted and transferred to Ogden, Utah, to work in the regional office of the forest service's intermountain region.

Lessel, according to Rickel, comes to the Tahoe well grounded in all phases of National Forest work. He is the son of the forest supervisor of the Kaibab National Forest, L. R. Lessel, headquartered at Williams, Ariz.

## Bank of America Tells Of Quarterly Dividend

Meeting in San Francisco July 16, Bank of America National Trust and Savings Association's board of directors declared the regular quarterly dividend of 45 cents per share on the bank's common stock. The dividend is at the annual rate of $1.80 per share and is payable August 30 to shareholders of record August 9.

## Kings Beach Boy Now With Guard In England

U.S. Coast Guard 2|c William G. Walker arrived in London, England, July 9 with the Coast Guard cadet practice squadron which is making the annual cadet training cruise.

Cadet Walker is the 21-year-old son of Mr. and Mrs. Vencile W. Walker of Kings Beach.

London is the second port-of-call of the squadron. Earlier this month, July 1-4, Cadet Walker visited Bergen, Norway.

## New Contractor License Pending at Tahoe City

SACRAMENTO —(CNS)— The State Contractors' License Board has announced it plans to issue a general building contractor's license to the 3-A Service, Box 731, Tahoe City. The firm listed its members as V. R. Michener, E. F. Gill and R. E. Kimball.

The board said it would issue the license in 20 days if no protests are received.

From prehistoric times anise has been widely prescribed as a medici.

## D. M. BRODEHLS MARK 50 YEARS AS MAN, WIFE

TAHOE CITY—Half a century of marriage was celebrated by Mr. and Mrs. D. M. Brodehl of Oakland on Sunday, July 21, at Lake Tahoe. Members of the family had a special dinner party and reception, for the honorees and for the relatives at Crystal Bay Club at North Tahoe.

The Brodehls lived at Tahoe City for 16 years during which time he was employed as U. S. mail contractor, leaving here in 1947. The one tragic memory Tahoe holds for them was the loss of their sturdy little mail boat, the Marison B, skippered by their son, Arthur, who was accompanied on that stormy day by his stepson and a mail clerk, all of whom perished. The boat has never been located. Brodehl still serves as a mail contractor in the bay region.

But Tahoe also hold many happy recollections for the couple, many of the family still residing here. Among those who attended the gala celebration on Sunday are their three children, Ewald Brodehl of Monterey, his wife and children, Dick, Andy, Janice and Toni Ann; their daughter, Mrs. Jay Shontz of Tahoe City; her husband, and their children, Jaynie and Bro; daughter, Mrs. Robert Pomin of Tahoe City; her husband, and their children, Duane, Randy, Danell and Dorothy; Grandson, Darrell Jones of Sacramento; great grandchildren, Becci Brodehl of Lodi and Blake Gundreson of Novato, and daughter-in-law, Mrs. Mildred Siljan and two daughters, Signa and Diette of Reno.

## CAPPS CALCULATES NIMROD'S CHANCE OF BAGGING BUCK

THE FISH AND GAMER
By EDWIN S. CAPPS
(Capitol News Service)

SACRAMENTO (CNS)—After a long dry spell of inactivity, California hunters are about to come into their own. It's just a matter of days until the early deer season and, after that, it will be a progression of dove season, inland deer, migratory waterfowl and upland game.

Because it comes earliest and because of its nature, deer season takes a lot more planning and anticipation than do the others. And it has some other peculiarities.

First off, excluding the road-hunter type, a deer hunt usually means a trip, possibly a pack trip or camping trip, or at least a considerable hike through the hills. The scarcity of other hunters, and resulting comfortable feeling of safety, varies directly with the distance a person travels and hardships he endures to get back into his hunting country.

Because of California's low hunter success rate, deer hunting also is a sport that takes considerable rationalization and love of the sport. The law of averages is against every buck hunter that takes to the woods. Now that a deer management bill has passed the legislature and been signed into law this success ratio may take an upward jump, depending on how operation under the local option powers of county supervisors works. However, it's expected the department of fish and game will be able to proceed with a management program that will be orderly in all but a few instances.

Getting back to the law of averages that's stacked up against a deer hunter, this writing hunter always draws comfort at this time of the year from some figures he ran up, based on deer kill figures on the department for a recent year.

If you're a hunter in the early coastal season, the chances are only three in 20 that you'll bring home a buck—a forked horn buck, that is If you're the particular type and scoff at wasting your lead on a forkie, there's even less hope for you.

The chances are only one in 25 you'll get a three-pointer and but one hunter in 90, during the coastal season, has the thrill of successfully drawing a bead on a four-pointer.

Getting into the real trophy hunter class, only one buck hunter in 1000 is destined to bag a five-pointer and only one in 5000 will bring home an animal with better than five points.

The picture is not quite so bleak in the Sierra season, except for the forked-horn hunters. In the later season, there's only about one forked horn killed for each 10 hunters. Chances for a three-pointer are one in 16; for a four-pointer, about one in 28; for a five-pointer, about one in 225; and over a five-pointer, about one in 700.

Of course Californians could revert to the eastern system and count all points, totaling both sides of the rack. This would make a forked horn a four-pointer, a three-pointer a six-pointer, etc. But it wouldn't put any more meat in the locker or t wouldn't help out the 80 to 85 per cent of the nimrods who don't draw blood.

Of course, these rather theoretical figures, accurate as they are, are based on total deer tags sold. Not all tag holders venture into the field; some don't hunt seriously or couldn't hit a deer if they saw one, and others are too busy shooting at other hunters to worry about deer. So if you're a serious hunter, the chances improve a little over the could figures above.

Be that as it may, anyone for a steaming hot bowl of deer track soup, our favorite camp dish?

## Son Of Former Truckee Couple Will Wed Soon

Philip Sapunor, son of Mr. and Mrs. T. L. Sapunor, Sr., of Sacramento will claim as his bride, Miss Patricia Walter at a late afternoon ceremony to be performed August 25 in St. Francis Catholic Church in the capital city.

Thomas L. Sapunor, Jr., brother of the future benedict will act as best man and another brother, John M. will be one of the ushers.

The Sapunor family is well known here where they formerly resided.

San Francisco home office of many leading steamship and marine insurance companies, has 200 steamship lines and agencies with sailings to 300 of the world's ports.

## NEVADA NAMES MEN TO OLYMPIC GROUP

CARSON CITY — Three Reno members of California's special Olympic games organizing committee were appointed by Gov. Charles Russell to the newly-created Nevada Olympic Commission.

They are E. J. Questa, president of the First National Bank of Nevada, chairman, and George Wingfield, Jr., Reno insurance man, and Francis R. Smith, former Reno mayor. Also named to the commission were John Kinnear, Jr., of McGill, general manager of the Nevada mines division of Kennecott Copper Corp., and Las Vegas business man Julian Moore.

The commission was created by the 1957 legislature which appropriated $200,000 and charged the agency only with cooperating with neighboring California in staging the games at Squaw Valley in 1960.

### OPEN MEETINGS

SACRAMENTO( CNS) — Gov. Goodwin J. Knight announced he has signed into law a series of 66 bills all by Assemblyman Ralph Brown requiring state boards and commissions to hold their records and meetings open to the public.

## GOLD CUP RACES

(Continued from Page 1)

ed at the showing made by the home-town racers, though the Kai ran off the first 60 miles of the classic in a style never before seen at this event. The Murphy entries appeared to have an unsolved problem of getting the needed rpm's, though both Breathless I and II have hulls and power plants basically identical to the Wahoo and Miss Thriftway. The Kai for the first time used a Rolls Royce aircraft engine as did Thriftway II.

Thousands of spectators were cheated of the chance to see Hawaii Kai and Wahoo compete in the final heat when the Kai was forced out with a persistent drowning problem on the north-east corner of the course. Four times she drowned out and each time came back in a half lap farther behind, until she finally was flagged off the course of her seventh lap.

With 13 craft entered, heats one and two were split by drawing, each time asigning Hawaii Kai and Wahoo to separate heats. They therefore entered the final heat together for the first time with an even 800 points each.

With Miss Bardahl and Miss Thriftway jumping the gun and both Waho and Kai well back and within the rules at the start, Kai eliminated Wahoo on the turn but was drowned out by rooster tails on the north-east turn. From there on it was Wahoo's race with Thriftway and Bardahl carrying a lone lap plenty for the start.

Fastest time for one lap of the event went to Jack Regas in the Kai when he rounded the buoys with an average speed of 107.978 miles per hour for the three-mile lap.

Fastest heat went to Wahoo with an average speed in her second heat of 98.093 for the entire 30 miles.

Persistent engine trouble dogged Lieut.-Col. Russ Schleech in Shanty I, which took last year's cup and went on to become "boat of the year" in national competition, leaving him without points and with none of the three heats completed.

Miss Seattle, known for years in racing circles as Slo Mo Shun V, entered all three heats but seemed unable to keep in the competition after suffering a damaging puncture in the bottom of her hull in the first heat. An idea of the actual stretch speeds in this race is offered by Jack Regas who said after the second heat, "I had to go into the turns at 140 (mph) in order to come out at 95. Even then we dropped to 85 on all but one turn."

(Further details of the events will found elsewhere in the columns of today's Sierra Sun.)

## JOE HENRY WINNER OF ONE CLUB GOLF MATCH AT TAHOE

A. M. (Joe) Henry of Tahoe City won the annual Dick Little Golf Tournament, a feature of the Truckee Lions Club sports program, yesterday with a net of 45. Zeph Rose, Elden Tonini and William Englehart Jr. wound up in a three-way tie for second and in third place Frank Gaiennie and Bill Briner were tied.

Following the one-club match, R. W. Seibold was voted an award as "the most honest player."

Others who participated in the tournament, played on the Tahoe City course, were Earl Stice, Angelo Besio, Norman Mayfield, A. M. (Red) Anderson, Floyd Carnell, Jack Neugebauer, Lee Baker, John Finnigan, Denis Sach, Jay Richards and Reg Smart.

At the July 17 meeting of the club, Cecil Edmunds, chairman of the planning committee, discussed prospects for an airport in this area in the near future. Guests included C. Z. Smith of Truckee, Ed Ballard, Gilroy, and W. W. Batterson, San Jose. Dr. Ben King presided.

The Royal Arch Lions of Reno are holding a joint meeting with the Truckee club on August 4. On that date, the two groups will assemble at Donner Lake for a picnic and outing.

### *Union Service Station At Kings Beach Will Open on Weekend*

Henry Gall of Truckee has announced the grand opening of his new "Hank's Union Service" at Kings Beach this weekend. On both Saturday and Sunday, there will be special gifts given away to mark the occasion.

The station, located at the intersection of Highway 28 and Fox Street in the North Tahoe community, will feature a full line of Union Oil Company products and services.

### Brundage to Bulgaria, Exception is Granted

Avery Brundage, American chairman of the International Olympics Committee, has been granted permission by the State Department to visit communist Bulgaria, despite an Olympic meeting in Sofia, capital of Bulgaria, in September.

It was emphasized that this is a special case and does not provide precedent for a general relaxation on the restriction. The department feels that, because of his "unique position," Brundage's visit would best serve the interest of American foreign policy due to the international significance of the Olympic games.

The business before the Sofia meeting will be to make arrangements for the 1960 summer games at Rome and the 1960 winter games at Squaw Valley.

**Son for Copelands—**

Mr. and Mrs. Herbert Copeland welcomed their second child, a son, born last night, July 24, at Tahoe Forest Hospital. The little boy weighed in at 7 pounds, 10 ounces.

**Sheriff in Town—**

Sheriff Wayne Brown was a Truckee visitor from Nevada City yesterday.

### Heather Glen Diversion To Speed Road Work

Starting July 30, westbound traffic on Highway 40 will be diverted to the eastbound lanes in the vicinity of Heather Glen, District Engineer Alan S. Hart announced today. The control is necessary to complete a frontage road in the area. The control will be of short duration and should cause very little inconvenience to the motoring public, Hart said.

The work is being done at this time is a part of the project to reconstruct 6.1 miles of Highway 40 to four-lane freeway status from Heather Glen to Colfax.

Resident Engineer Roy T. Phillips said the roadway contractor is well ahead of the schedule that calls for completion of the project in August, 1958.
